Back to Back Draft Tests

The annual draft test weekend shared by the Bernese Mountain Dog Club of Watchung (Saturday) and the Mason Dixon Bernese Mountain Dog Club (Sunday) is on the BMDC of Watchung's side of the two clubs' territory this year. Don't miss the chance to see our dogs work at one of their traditional jobs - pulling carts. Here Angela Evan's Loui demonstrates his usefulness around the farm hauling hay to the horses.

You can see several dozen dogs working alone and in pairs at the draft tests April 11 and 12 at Nockamixon State Park, 1542 Mountain View Rd Quakertown PA.

Dogs other than BMDs are eligible so be ready to see more than Berners at work. To donate a trophy, contact Jill at jillsberner33@aol.com

Want to help? It is a great way to learn about draft.

Draft tests involve stewards - people who do things to test the dog. If you can ring a bell or wave a flag or give a load to the handler, we need you on SUNDAY, April 12 Email Jill at jillsberner33@aol.com

Sonny can't wait for the test so is pulling his sled, taking his buddies for a ride. He's already entered both days.
